

Urinal Caps

Urinal Caps utilise specialist microbes and an acidic cleaning system to remove unpleasant odours and reduce the build-up of organic uric acid scale.

Cleaner

- Microbes work to remove odour at source
- Reduces organic and inorganic scale buildup
- Keeps pipes blockage free
- Provides a physical barrier to stop objects blocking system
- Cleans and freshens

Leaner

- Reduces flush frequency to save water costs
- Suitable for all types of urinals/troughs eg stainless steel, porcelain and ceramic
- Easy 'click in' install

Greener

- Reduced carbon footprint
- 100% PCR – no single use plastic
- 100% recyclable cap
- Naturally derived ingredients
- No aggressive or caustic chemicals
- Not tested on animals

Urinal Caps

Use Instructions

Use one cap per urinal.
Cap longevity will depend on throughput.
Replace as necessary

Safety & Storage

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet (SDS). Product is non-flammable so no requirement for secure, ventilated storage. Store at room temperature.

Available Pack Sizes

5L

BH206
(2 x 5L)

The UK's leading manufacturer of Biotech cleaning products

- The UK's leading manufacturer of Biotech cleaning products
- Technologies are renewable and sustainable, sourced from plant extracts, fermentation and manufacturing by-products reducing CO2e and environmental toxicity
- 100% UK Manufacture and supply chain
- Post Consumer Recycled bottles provide a circular life cycle reducing CO2e and removing physical plastic pollution
- Our cardboard is made from 100% recycled material, is fully recycled and FSC certified (Forests for All Forever)
- ISO 9001:2015 & ISO14001:2015
- Zero waste to landfill
- Accredited to Carbon PAS2060, we offset our carbon with UK tree planting and VCS projects within the Amazon
- 100% Readily Biodegradable
- All manufacturing wastewater is treated
- Our technology has minimal aquatic toxicity
- Never tested on Animals
